

# Double Snuggle Block 5 - Newquay Lamp-post!

Please email me for the actual pattern file (A3)..... I'm having technical issues..... basically I don't know what I'm doing!

Bondaweb Appliqué finished size – 6”x15”

This block has been made using the Bondaweb appliqué method, if however, you have another referred method of appliqué, go for it!

Please take a few moments to read through the instructions before you begin.

When using Bondaweb, please follow the manufacturer's instructions..... please don't forget to reverse your pattern or you'll end up with a seagull landing from the wrong direction as I did in the original sample!

**Newquay Lamp-post** – the back ground has been pieced for this block, the finished size of which should be 6"x15". I've indicated on the pattern the sizes you need to cut and piece together, but here's a list as well, these sizes include your seam allowance....

1/Sky – 6½" x 9"

2/Sea – 6½" x 2½"

5/Sand – 6½" x 2½"

4/Wall – 6½" x 1½"

3/Grass – 6½" x 3"

Join 1 > 2

Join 3 > 4 > 5

Cut the wavy edge of 5 (sand) place this over number 2 and zig-zag along the edge to secure the two pieces together..... (or

Place some Bondaweb on the back of number 5, cut your wavy edge, appliqué number 5 onto number 2.)

### **Bondaweb Applique:**

Trace each outline of the design onto your Bondaweb as instructed by the supplier. (I used a rule to ensure the lines were straight) Please remember to reverse your pattern as you trace the design onto your Bondaweb (smooth side) or your pattern will face the other way.

Iron your Bondaweb onto the back of your chosen appliqué fabrics, cut carefully on your pencil line. Remove the paper and place onto your block. Iron each piece into place.

I then machine stitched around all of the applique pieces to hold them in place and protect the raw edges. I used a zigzag, (length 0.5, width 1.5) but you might like to use a fancy stitch or two?
